	<p>source for clients B, C and H, and to ensure corrective measures were put in place for client C in regard to the client's falls.</p> <p>Findings include:</p> <p>1. During the 1/13/15 observation period between 5:04 PM and 6:45 PM and the 1/14/15 observation period between 6:14 AM and 8:30 AM, at the group home, client C utilized a wheelchair for mobilization. Client C did not wear a seatbelt when in the wheelchair. Client C wore a gait belt around the client's waist. Specifically during the 1/13/15 observation period, client C sat forward on the edge of wheelchair seat. Client C was verbally redirected to sit/scoot back in the wheelchair and to sit up straight. During the 1/14/15 observation period, upon arrival, there were 2 direct care staff (staff #4 and #6) and the group home manager (staff #1) at the group home. Staff #6 was assisting clients to get up and get dressed and staff #1 was assisting client #8 to prepare breakfast. Staff #4 was in the medication room passing the morning medications. Staff #4 stayed in the medication room the entire observation period except to come out of the medication room to get clients for her morning medications. Staff #4 did not assist with the breakfast meal when</p>		<p>supervisory capacity.</p> <p>ADDENDUM 2/17/15: The Operations Team, including the Program Manager and QIDP, will directly oversee all investigations. The Residential Manager will receive additional training toward assisting with gathering evidence, including conducting thorough witness interviews. The Clinical Supervisor and Program Manager will assure that conclusions are developed that match the collected evidence. The governing Body will assume complete responsibility for investigating any discovered injuries that require outside medical treatment. When any evidence of staff negligence is uncovered or alleged the Operations Team will take control of all aspects of the investigation process.</p> <p>Client C has begun receiving twice weekly physical therapy sessions and a daily home exercise program has been initiated to enhance Client C's core strength to diminish the incidence of falls such as occurred on 12/12/14 and</p>

	<p>clients were not getting medications. Staff #4 wore a nasal oxygen tube while carrying a portable oxygen container with her. During the 1/14/15 above observation period, client C required stand by and/or physical assistance when transferring from her wheelchair to the couch. Staff #1 physically assisted client C to stand while grabbing the client's gait belt to steady the client during the transfer. Client D required staff assistance when walking as the client was blind. Client E required staff physical assistance as well when ambulating as the client used a walker and wore a gait belt for transfers. Client B required staff supervision and monitoring due to the client's behavior of trying to get into the kitchen to drink tea (coffee).</p> <p>The facility's reportable incident reports, the facility's internal Incident/Accident Reports (IARs) and/or investigations were reviewed on 1/14/15 at 11:17 AM. The facility's reportable incident reports, IARs and/or investigations indicated the following (not all inclusive):</p> <p>-11/11/14 "Upon arrival to group home [client C] (An individual Supported by Rescare) had just been assisted off the van and into the group home by staff. As the staff continued to assist the other individuals off the van (sic) [client C]</p>		<p>12/15/14. An Occupational Therapy evaluation has been scheduled for Client C to evaluate the effectiveness of current adaptive equipment and to obtain recommendations for enhancements. In the interim, after appropriate due process, the team will provide the following adaptive modifications: the seat belt will be re-fitted to Client C's wheelchair and a chair alarm will be installed to alert staff when the seat belt has become unfastened. Client C will receive enhanced supervision –line of sight observation and 15 minute checks while in her bedroom. A bed alarm and audio monitor will be placed in her bedroom. The team will also provide a modified toilet seat with side rails. The nurse will modify Client C's Comprehensive High Risk Plan for falls to clarify the expectations for "stand by" assistance while Client C is in the bathroom including but not limited to hands on use of a gait belt at all time while client C is toileting and showering.</p> <p>PREVENTION:</p> <p>ADDENDUM 2/17/15: A tracking spreadsheet for incidents requiring investigation, follow-up and</p>

	<p>risk. The CS indicated 2 staff (staff #4 and staff #9) were working on 12/15/14 when client C fell off the toilet. CS #1 and the QIDP indicated staff #9 was in the bathroom when client C fell off the toilet. The QIDP indicated she did not question staff as to why client C was being washed off on the toilet. The QIDP and CS #1 indicated there were no additional staff interviews/conducted. CS #1 and the QIDP indicated the facility did not obtain a witness statement from staff #9. CS #1 indicated staff #9 filled out the incident report and the facility considered that her witness statement. When asked how the client fell off the toilet, the QIDP stated "She leaned forward and fell." The QIDP and CS #1 indicated the facility's investigation did not look at how client C was placed/sat on the toilet by staff to ensure the client was properly placed on the toilet. CS #1 indicated 2 facility staff normally worked in the morning. CS #1 and the QIDP indicated staff #4 was 1 of the 2 staff who worked on the morning shift. CS #1 indicated the facility neglected to look at staffing levels at the group home to ensure the facility staff, who worked in the home, could meet the needs of the clients. The QIDP indicated client C's IDT met and reviewed the falls and made recommendations. LPN #1 and the QIDP indicated client C was to see the PT on</p>

	<p>1/15/15. The QIDP and LPN #1 indicated the IDT's recommendations to obtain a seat belt and wheelchair/bed alarms had not been purchased as they were waiting on the PT evaluation to be completed. The QIDP and LPN #1 indicated facility staff were to stay in the bathroom with client C when she was bathing and being toileted to prevent the client from falling. The QIDP and CS #1 indicated the facility did not conduct any additional interviews in regard to client C's injury of unknown source of 12/12/14. QIDP #1 indicated client C had indicated she fell. The QIDP and CS #1 indicated only 2 staff were interviewed and they did not know how client C received the injury to the client's head. The QIDP indicated facility staff indicated client C did not fall. When asked if client C's fall risk plan had been updated, LPN stated "No." The QIDP and LPN #1 indicated client C's mobility risk plan and/or record did not indicate how facility staff were to monitor client C when in the bathroom to prevent potential falls and/or injuries.</p> <p>2. The facility failed to conduct thorough investigations in regard to allegations of possible neglect and/or injuries of unknown source for clients B, C and H. Please see W154.</p>

	<p>3. The facility failed to put in place corrective measures to prevent client C from falling in the bathroom. Please see W157.</p> <p>The facility's policy and procedures were reviewed on 1/14/15 at 11:02 AM. The facility's 2/26/11 policy entitled Abuse, Neglect, and Exploitation indicated "Adept staff actively advocate for the rights and safety of all individuals. All allegations or occurrences of abuse, neglect, exploitation, or mistreatment shall be reported to the appropriate authorities through the appropriate supervisory channels and will be thoroughly investigated under the policies of Adept, Rescare, and local, state and federal guidelines." The facility's policy defined neglect as "...Failure to provide goods and/or services necessary for the individual to avoid physical harm. Failure to provide the support necessary to an individual's psychological and social well being. Failure to meet the basic need requirements such as food, shelter, clothing and to provide a safe environment...." The facility's 2/26/11 policy also indicated the facility's investigations would indicate/include "...Methods (corrective actions) to prevent future incidents."</p>

	<p>measures to prevent client C from falling in the bathroom.</p> <p>Findings include:</p> <p>The facility's reportable incident reports, the facility's internal Incident/Accident Reports (IARs) and/or investigations were reviewed on 1/14/15 at 11:17 AM. The facility's reportable incident reports, IARs and/or investigations indicated the following (not all inclusive):</p> <p>-11/11/14 "Upon arrival to group home [client C] (An individual Supported by Rescare) had just been assisted off the van and into the group home by staff. As the staff continued to assist the other individuals off the van (sic) [client C] wheeled herself into the bathroom without asking someone to assist her. While [client C] was in the bathroom she proceeded to take off her brief and pants causing her to fall to her knees causing an (sic) half inch in diameter injury to the right knee. The area was cleaned with peroxide and ointment applied to the area and covered with bandaide (sic)...[Client C] has a high risk plan for falls in place and staff will continue to implement her plan and give her moral support. The interdisciplinary team will be meeting to determine other ways to ensure [client C's] safety."</p>			<p>therapy sessions and a daily home exercise program has been initiated to enhance Client C's core strength to diminish the incidence of falls such as occurred on 12/12/14 and 12/15/14. An Occupational Therapy evaluation has been scheduled for Client C to evaluate the effectiveness of current adaptive equipment and to obtain recommendations for enhancements. In the interim, after appropriate due process, the team will provide the following adaptive modifications: the seat belt will be re-fitted to Client C's wheelchair and a chair alarm will be installed to alert staff when the seat belt has become unfastened. Client C will receive enhanced supervision –line of sight observation and 15 minute checks while in her bedroom. A bed alarm and audio monitor will be placed in her bedroom. The team will also provide a modified toilet seat with side rails. The nurse will modify Client C's Comprehensive High Risk Plan for falls to clarify the expectations for "stand by" assistance while Client C is in the bathroom including but not limited to hands on use of a gait belt at all time while client C is toileting and showering. PREVENTION: ADDENDUM 2/17/15: After completing investigations in which the allegations are verified, the QIDP, with the guidance of the Clinical</p>

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (EACH DEFICIENCY MUST BE PRECEDED BY FULL REGULATORY OR LSC IDENTIFYING INFORMATION)	ID PREFIX TAG	PROVIDER'S PLAN OF CORRECTION (EACH CORRECTIVE ACTION SHOULD BE CROSS-REFERENCED TO THE APPROPRIATE DEFICIENCY)		(X5) COMPLETION DATE		
	<p>belt for her wheelchair. The team also discussed [client C] having her gait belt secured around her and the safety bars when she is on the toilet to prevent her falling. [Client C] would also benefit from a bed and chair alarm to alert staff when she is trying to get out the chair with assistance (sic). If any of these suggestions require HRC (Human Rights Committee approval it will be obtained after this plan is reviewed by the management committee." Client C's above mentioned IDT meeting notes, ISP and/or record indicated the facility's nursing services failed to develop a specific risk plan in regard to client C's falls which indicated how facility staff were to monitor/supervise client C while in the bathroom to prevent potential falls and/or injuries.</p> <p>Confidential interview A stated client C had fallen in the past, but had "no falls lately." Confidential interview A indicated staff were to be in the bathroom with client C when she was in the bathroom. Confidential interview A stated "She can't stand on her own."</p> <p>Confidential interview B stated when asked how client C was to be supervised/monitored in the bathroom, "Help her in there. Help on commode. Maneuver to sit down and hold onto gait</p>

	<p>belt. We come out and then she calls us when ready. We go back in there and help her up and hold onto gait belt." Confidential interview B indicated client C was to hold on to the safety bar in the bathroom as well.</p> <p>Interview with staff #4 on 1/14/15 at 7:35 AM indicated client C fell last month. Staff #4 stated a staff was giving the client a "sponge off. Turned to rinse wash cloth off. She (client C) fell on floor." When asked if client C had fallen on the floor before, staff #4 stated "Quite a few times, but not fallen on my shift."</p> <p>Interview with Clinical Supervisor (CS) #1, the QIDP and LPN #1 on 1/14/15 at 3:35 PM indicated client C was a fall risk. When asked how the client fell off the toilet, the QIDP stated "She leaned forward and fell." The QIDP indicated client C's IDT met and reviewed the falls and made recommendations. LPN #1 and the QIDP indicated client C was to see the PT on 1/15/15. The QIDP and LPN #1 indicated the IDTs recommendations to obtain a seat belt and wheelchair/bed alarms had not been purchased as they were waiting on the PT evaluation to be completed. The QIDP and LPN #1 indicated facility staff were to stay in the bathroom with client C when she was bathing and being toileted</p>

W009999	<p>to prevent the client from falling. When asked if client C's fall risk plan had been updated, LPN stated "No." The QIDP and LPN #1 indicated client C's mobility risk plan and/or record did not indicate how facility staff were to monitor client C when in the bathroom to prevent potential falls and/or injuries.</p> <p>This deficiency was cited on 11/12/14. The facility failed to implement a systemic plan of correction to prevent recurrence.</p> <p>9-3-6(a)</p>		W009999	This Standard was placed back in compliance during the PCR survey. No correction is required.		02/20/2015
